NOTES AND FRACTIONS

Music is divided into measures. Each measure is divided equally into parts. When composers want sound, they write “notes”; when they want silence, they write “rests.”

The whole note lasts for 4 beats, or the whole measure.

The whole rest means silence for 4 beats.

The half note lasts for 2 beats, or one half of the measure.

The half rest means silence for 2 beats.

The quarter note lasts for 1 beat, or one quarter of the measure.

The quarter rest means silence for 1 beat.

TIME SIGNATURES

The time signature at the beginning of the music tells us how many beats are in a measure.

4 beats in each measure
each beat = a quarter note

Write notes and rests, matching the colors.
Re-arrange the letters to make words. To solve the puzzle at the bottom, unscramble the letters in the circles and fill in the blanks.

GREAT MUSIC IS COOL!
