

DIY Wolf Felt Finger Puppet

Create your own Wolf finger puppet that you can use along with the Maestro Classics *Peter and the Wolf* story. Felt finger puppets are a fun craft for people of all ages! With some creativity, you can make them resemble anything you would like.

Once you get the hang of it, you will be able to whip a puppet very quickly. Use the downloadable template provided by [HelloSewing](#) and sew the wolf in as little as 30 minutes. You can add or remove some of the features. Use a mix of stitches (running stitches, blanket stitches, whip stitch) or hot glue to assemble your finger puppets.

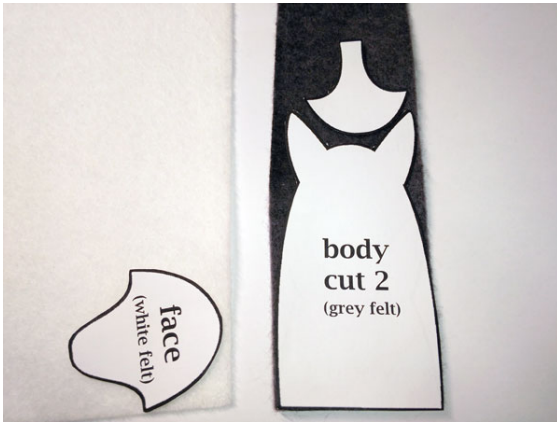

Supplies needed:

- finger puppet pattern (click here to download the [Wolf finger puppet template](#))
- grey felt
- white felt
- grey thread
- white thread
- black thread
- scissors
- needle

Instructions:

1. Gather your supplies
2. Cut the felt pieces according to the pattern you've downloaded
3. Layer both body parts, face and muzzle
4. Sew muzzle to face using blanket stitch and grey thread (if you don't know what blanket stitch is, [click here](#) for sewing instructions).
5. Sew face to body using running stitch and white thread
6. Blanket stitch side of body, leaving bottom open
7. Add details – sew on eyes, nose and mouth
8. Optional: for added detail make a few stitches to the front and inside ears
